PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate with hands-on experience in full-stack web development, artificial intelligence, machine learning, and deep learning. Skilled in developing scalable web applications, building RESTful APIs, integrating AI/ML models, and managing databases. Proficient in Python, PHP, Laravel, JavaScript, React.js, Vue.js, Flask, SQL, and Git, with strong problem-solving, analytical thinking, and teamwork skills. Published researcher with practical experience in AI/ML research, intelligent application development, and software engineering. Seeking opportunities as a Full Stack Developer or AI/ML Engineer to contribute to innovative, scalable, and real-world technology solutions.

TECHNICAL SKILLS

Programming Languages: Python,PHP, Java, JavaScript, TypeScript, C, C++

Web Development: Laravel,React.js, Next.js, Vue.js, HTML5, CSS3,Eloquent ORM

AI / Machine Learning: Machine Learning, Deep Learning, Data Preprocessing, Feature Engineering, Model Evaluation, Scikit-learn, TensorFlow/Keras, PyTorch, XGBoost, Pandas, NumPy

ML Deployment & Development: Flask, REST API, Model Deployment, Jupyter Notebook, Google Colab

Databases: MySQL, SQL

Tools & Platforms: Git, GitHub, VS Code, XAMPP, Laragon .

Soft Skills: Problem-Solving, Research & Analytical Thinking, Communication, Teamwork & Leadership, Public Speaking.

RESEARCH & PUBLICATIONS

Temporal Sentiment and Engagement Analysis of Facebook Data Using Machine Learning Models

International Conference on Computer and Information Technology (ICCIT 2025)

Accepted — IEEE :- https://ieeexplore.ieee.org/document/11490137

PROJECTS

BuddyScript – Social Media Web Application — https://github.com/Rahman-Samiya/BuddyScirpt-Task.git

- Full-stack social platform with authentication, post creation, image uploads, privacy controls, threaded comments, likes, and profile management (Next.js, React, TypeScript, Laravel, MySQL).

EzyProduct – Product Management & Catalog System — https://github.com/Rahman-Samiya/EzyProduct.git

- Full-stack catalog system with a layered Controller–Service–Repository architecture; CRUD, search, pagination, and RESTful APIs for product listing and details (Laravel 11, PHP 8.2, MySQL, Tailwind CSS).

Smart Task Manager API — https://github.com/Rahman-Samiya/Task-Manager-Api.git

- Production-ready REST API with Sanctum authentication, task CRUD, filtering, pagination, and dashboard analytics (Laravel, PHP, MySQL, REST API).

Oral Cancer Risk Detection Web Application - https://github.com/Rahman-Samiya/Oral-Cancer-Detection-Project.git

- Built an AI-based web application that detects possible oral cancer risk from uploaded oral images, combining classical ML and deep learning models with a Flask backend.
- Implemented patient details collection, prediction history storage, and printable medical-style report generation with confidence scores and recommendations.

Dry Eye Disease Predictor - https://github.com/Rahman-Samiya/Dry-Eye-Disease-Predictor.git

- Developed a machine learning powered web application for health prediction with database integration (Python, Flask, Machine Learning, SQL).

Mini Compiler - https://github.com/Rahman-Samiya/Mini_Compiler.git

- Built a compiler for a custom mini-language covering the full pipeline: lexical analysis, syntax parsing, semantic validation, constant folding, three-address code (TAC) generation, and assembly-style code generation, with a browser-based visualizer (Flask, HTML, CSS, JS).

WORK EXPERIENCE

Programming Instructor — Cybernetics Robo Academy *Jul 2025 – Present*

- Teach programming fundamentals and problem-solving skills.

EDUCATION

B.Sc. (Engg.) in Computer Science & Engineering — Sylhet International University *2023 – Present*

Higher Secondary Certificate, Science — Govt. Agragami Girls' High School & College *2022*

Secondary School Certificate, Science — Baushi Kashimpur High School *2020*

PROGRAMMING & TECHNICAL ACTIVITIES

- Regular participant, SIU IUPC; Programming Club Member – SIU
- Competed in ICPC Online Preliminary (2023, 2024, 2025)
- Competed in Inter-University Programming Contest 2024 (On-site) – LU & MU

LEADERSHIP & CO-CURRICULAR ACTIVITIES

Cultural Secretary, CSE Society *July2024 – Aug 2026*

- Organized and coordinated university-level science fairs, ICT fests, Math and Physics Olympiads, and various cultural events.

Joint Convenor , Sylhet International University Cultural Club *Oct 2026 - Present*

Campus Ambassador — ICT Olympiad Bangladesh *Dec 2024 – Present*

Volunteer & Invigilator — 14th, 15th & 16th Bangladesh Physics Olympiad *2024 – 2026*

Volunteer — Futurenation Masterclass & Scholarship Awards Ceremony *Oct 2024 – Present*

Volunteer — GEIST International Foundation *Jan 2023 – Present*

AWARDS

- Winner, "Digital Bangladesh Day" 2021 Essay Competition — District level
- 2nd Prize, "National Insurance Day" 2022 Essay Competition — District level
- Winner, "Golden Jubilee Celebration" 2022 Essay Competition — District level
- 3rd Prize, "Golden Jubilee Celebration" 2022 Essay Competition — Division level

LANGUAGES

- Bangla (Native) • English (Fluent)
